290 g/m² Isoli

Organic

ORGANIC

- Quality: 100 % combed organic cotton
- Weight: 290 g/m²
- Isoli
- Box: 25 pcs.

ST700 Cotton Sweat is 1 of 3 sweatshirts we can offer you in organic cotton.

Here you see a crewneck sweatshirt. We also offer one with hood, ST710 Cotton Hooded Sweat, or hood and zipper, ST730 Cotton Hooded Zip, all made of organic cotton.

ST700 Cotton Sweat is with a crew neck opening and to make it more flexible, we have added a V in the same fabric as the neck rib. The V-rib gives a classic sweatshirt a subtle detail and makes it more elastic when pulled over your head.

The rib is 2x2 rib cotton/elastane, we have added elastane to the rib to give it more flexibility and longer durability after washing. The cuffs in the sleeves and the waistband of the sweatshirt are made

of the same material.

To give the classic sweatshirt a small dispute, we have placed a 3 needle flatlock around the neck, along the rib V, sleeve curve, sleeve rib, and bottom rib.

The inside of the fabric is lightly brushed to give a soft and warm sweatshirt.

ST700 Cotton Sweat is label free and has only a small size label on the left side of the neck. The product is designed and manufactured so that it can be washed several times without significant changes in shape and color.

A sweatshirt in 100% cotton has no problems with sublimation when printing on the product. It is the polyester in the fabric that can sublimate with the print color. Therefore, this sweatshirt is suitable for printing, DTG, and embroidery. There are many possibilities and we are here to help you, so you can make the best decision for you and your business.
