ST809 Stretch Polo LS has a modern cut and is made of high-quality material. The material is piqué with elastane, which makes the material more flexible.

The polo has a fitted shape and long sleeves, the elastane makes it comfortable and follows your body as you move.

The polo has a neck tape that is the same color as the fabric with a white decoration stitch in the middle. The white polo has a gray decoration stitch. The same ribbon is on the placket and the polo closes with 3 buttons. The collar is adapted to the modern look and is made of 1x1 rib. The shoulder seam is reinforced with a stitch.

The polo has side seams and slits on both sides. On the inside of the slit, you see the same ribbon as in the neck and placket. It also helps to reinforce the slit, as well as there is a bartack that reinforces the top of the slit, the bartack is white, except on the white polo where it is gray.

Sleeves and bottoms are hemmed with a double stitch. The shoulder seam is reinforced with a topstitch. The polo is longer on the back piece.

The polo is in good quality and you can refine it with print or embroidery. There is only a small size label on the left side of the neck it creates space for your logo, either with a neck label or neck transfer. We call it Brand Yourself.

If you are looking for a female model that matches the ST809 Stretch Polo LS we can recommend the ST810 Lady Stretch Polo LS.

We also offer the same models with short sleeves ST807 Stretch Polo and ST808 Lady Stretch Polo.
