- French Terry
- Box: 20 pcs., Package: 5 pcs.

ST719 Sport Hooded Sweat is a quality sweatshirt in organic cotton with elastane. The elastane helps to make the material flexible and gives it a smooth surface.

The sweatshirt has raglan sleeves which give good freedom of movement and a sporty look.

The material used for the Sport Sweat Series is French Terry. It is a knitting method which means that the fabric has a good absorbency, which makes it ideal for an active lifestyle. The inside is not brushed.

The right side is smooth and uniform which makes it ideal for printing. It is also suitable for DTG printing as the material does not contain polyester, which can sublimate with the ink. However, the color Heather Black contains 20% polyester, but it is also okay in relation to DTG printing.

Sleeves and bottom are finished with a wide 2x2 rib with elastane.

The hood is in a double-layer fabric, eyelets are in metal with a black coating. All sweatshirts have black drawstrings that are finished with a closed metal aglet also with a black coating.

ST719 Sport Hooded Sweat has side seam pockets.

The sweatshirt has a neckband and there is only a small size label on the left side of the neck. In the left side seam is a small label with the product name and washing instructions. We call it BRAND YOURSELF, ALL PRODUCTS WITHOUT LABEL
