- Oxford Grey: 77% organic combed cotton / 15% viscose / 8% viscose
- Weight: 320 g/m²
- Box: 20 pcs., pack: 10 pcs.

ST721 Sports Cardigan is made in a fabric called French Terry. This weaving does, so the fabric has a good absorbency, which makes it ideal for an active lifestyle.

We have added elastane to the fabric, this makes it more flexible than if it was made in 100% cotton. The right side of the fabric is smooth and uniform which makes the product ideal for printing. It is especially suitable for DTG print, as the product does not contain polyester which can sublime with the print color.

Neck, bottom and sleeves are finished with a 2x2 rib in cotton/elastane.

The neck rib is made as a collar, so it fits neatly around your neck. The inside neck seam has neck tape all the way around the neckline. Thereby the seam is hidden, and it looks nice, also when the

cardigan is open.

You can also use the cardigan as a light summer jacket. The neck strap in the cardigan makes it easy to hang it up on a coat rack.

You close the cardigan with a black YKK metal zipper. A nice detail is, that the zipper band is completed with a ribbon on the inside.

The two side pockets are with a zipper. The pockets are placed in the front seam of the side panel. The pockets are discreet, as we have chosen to use an invisible zipper, which gives the cardigan a classic look. The pocket bags make inside pockets on both sides.

ST721 Sport Cardigan is LABELFREE and has only a small size label on the left side of the neck.
