ST710 Cotton Hooded Sweat is 1 of 3 sweatshirts we can offer you in organic cotton.

Here you see the sweatshirt with hood and kangaroo pocket. We also offer one with a crewneck, ST700 Cotton Sweat and a hoodie, zipper and kangaroo pocket, ST730 Cotton Hooded Zip, all in organic cotton.

The hood is lined with single jersey. The casing is stitched with flatlock stitch and the cord is 1.5 cm wide with a closed metal aglet at the end. The hole for the drawstrings is round and is sewed with a strong thread and tight stitches as a real eyelet.

On the front, the sweatshirt has a kangaroo pocket there is placed on top of the rib, it makes the pocket slightly larger and it gives the shirt a nice detail that you won't see in our other sweatshirts.

The pocket and pocket opening are sewed with flatlock. There are bartacks at the top and bottom of the pocket opening to make the pocket stronger.

You also see flatlock stitching at the armhole, neckline, sleeve, and bottom rib.

The rib is made of 2x2 ribs cotton/elastane, we have added elastane to the rib to give it more elasticity and longer durability after washing.

To make the sweatshirt soft and warm we have lightly brushed the inside of the fabric.

ST710 Cotton Hooded Sweat is label free and has only a small size label on the left side of the neck. The product is designed and manufactured to be washed many times without any significant change in shape or color.

Why 100% Cotton?

1. No sublimation issues.
2. No polyester against your skin.
3. The finishing process makes shrinkages and colorfastness close to what we see in cotton/polyester mix.

Therefore, this sweatshirt is suitable for printing, DTG, and embroidery. The possibilities are many and we are here to help you to make the best decision for you and your business.
