Are you looking for a quality bag in organic cotton? Then you have come to the right place.

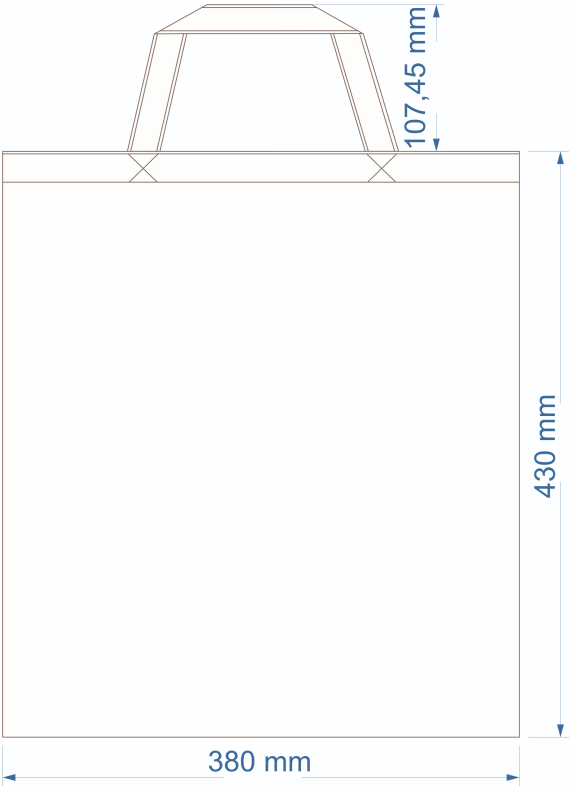

The bags in organic cotton has a small flag label on top in one of the sides.

ST2404 Flat 300g SH in the color Nature and Black is available in two versions one in organic cotton (look for the cotton flower logo) and one in conventional cotton.

The bag in thick/strong canvas, it is perfect for a folder or in stores as a carrying bag. This bag has a short handle, so you can easily carry it in your hand.

Canvas bags are increasingly carried in the streets, they are considered more environmentally friendly than plastic bags. If you carry a canvas bag, it sends a signal that you are making a deliberate choice about the environment and the environmental problem. Canvas bags can be used again and again and last for many years.

You can easily brand the bag as your own, it is suitable for transfer, printing, and embroidery. With your unique design, the bag becomes completely your own and it is displayed every time the environmentally-conscious consumer is out shopping.
