ST165 is made in conventional OEKO-TEX certified cotton.

The yarn for this t-shirt has been carefully selected to ensure the same good quality as in all our products. You can use and wash the t-shirt many times without color and shape changing significantly.

The sleeves and bottom are hemmed with double stitching that gives a simple look.

The neck rib is made of a 1x1 cotton rib which is fixed with a double stitch that helps to keep the rib in place and the shape of the neck.

The t-shirt has a neckband and a small size label on the left side of the neck, this is creating a space for your neck print. In the left side seam, there is a small washing label with the product name and washing instructions. We call it BRAND YOURSELF, ALL PRODUCTS WITHOUT LABEL

ST165 is a t-shirt there is suitable for screen printing, transfer, DIP, and DTG. We can also embroider on the t-shirt, but we prefer a thicker quality for embroidery, here we can recommend ST102 Heavy Luxe.
