- Oxford Grey 85% organic cotton / 15% viscose

We have chosen to use 3 layers of single jersey for ST1002 3-ply Mask, to make a lighter mask without compromising on the 3-layer filtration.

The mask is round over the nose and mouth to provide a spacious fit. It ends under the chin and fits well on both large and small faces.

The edge is finished with edging which is soft against the skin. The edging continues and becomes ear straps.

The ear straps go through a little loop, and you can adjust the ear straps by pulling it through the loop.
