

# ST2458 W/Handle w/Print

Bag with print for face mask

We recommend that your clean face mask to be stored in a small bag for face masks, and not directly in your bag or pocket.

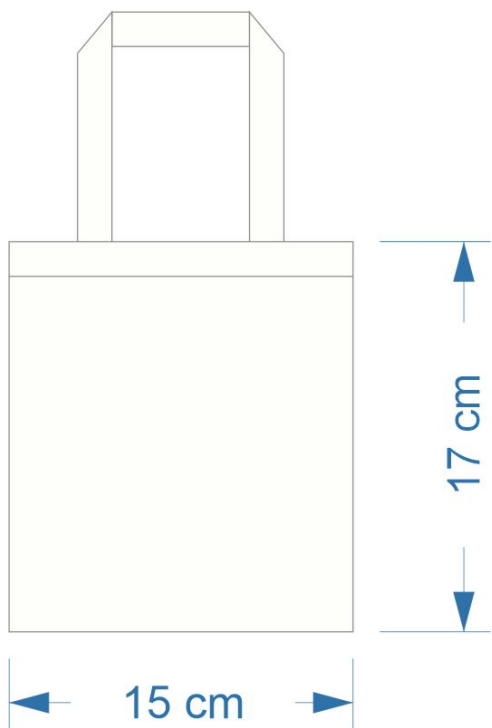

By storing your clean face mask correctly, you reduce the risk of infection for yourself and others.

We recommend a fabric bag that can also be washed at 60°C (shrinks approx. 5-10% at 60°C wash)

This bag is with print as you see in the picture.

If you want your own print, we can recommend ST2418 or ST2419 which are mini bags without print.

- Quality: 100% cotton
- Weight: 150 g/m<sup>2</sup>
- 5 oz canvas
- Size: 15 x 17 cm
- Mini bag with handle 27 cm x 1,5 cm
