

ST2306 Apron

100% cotton 200 g/m2

- 100% cotton 200 g/m2
- Granite: Recycled fibers cotton / polyester 300 g/m2

This apron has the same size as our classic ST2301. It's made of 200g organic cotton, a soft material completely free of chemistry from the cotton fields and throughout the production. The granite version is made of 300g recycled cotton / polyester. Granite is thicker and has a rougher surface. The apron's neck strap and tie are made with a casting, so it can be easily adjusted.

The product is LABELFREE, ie. that there is just a small care label on the side of the apron.
