ST2417 Model D LH in the color Nature and Black is available in two versions one in organic cotton (look for the cotton flower logo) and one in conventional cotton.
The bags in organic cotton has a small flag label on top in one of the sides.

Canvas bags are increasingly carried in the streets, they are considered more environmentally friendly than plastic bags. If you carry a canvas bag, it sends a signal that you are making a deliberate choice about the environment and the environmental problem.

ST2417 Model D LH is a thick/strong bag so it can be carried on many trips to the supermarket. It has a long handle so you can carry the bag over your shoulder. The bottom of the bags is 14 cm. and your content can stand well on the bottom of the bag.

The colors Black and Nature are made of 100% cotton and are 310 g / m², which is a strong canvas.

If you are looking for a more environmentally friendly bag, we recommend that you buy the bag in the color Granite it is made of recycled cotton and polyester.
The color itself is quite unique, but what makes the bag quite special is that we have transformed old products into this new material, therefore recycled cotton and polyester.

Since recycled material is used, the bags can vary slightly in color, texture, g/m² (about 450 g/m²) and material composition (distribution of cotton and polyester). It is only the color Granite there is made in recycled fabric.

You can easily brand the bag as your own, it is suitable for transfer, printing, and embroidery. With your unique design, the bag will be completely your own and it will be shown every time the environmentally conscious consumer is out shopping.
